**DECLARATION**

**COMPLETE LIST of personal goods which I,**

.....  
.....  
..... (name & address)

have had in my possession, at least six months, prior to my inscription/arrival in Belgium and before the date I have unregistered at my previous main residence in .....  
.....(list country name and complete address)

As far as the non-consumer goods are concerned, they have been used by myself for at least this period in my previous residence.

I wish to import my personal goods through the customs office at Antwerpen.

These goods will be used for the same purpose here as at my previous residence.

I confirm herewith having unregistered at my last residence on ..... (date) and having resided for at least twelve consecutive months outside the E.U. before registering at my main residence in Belgium. I declare having established my main residence in Belgium on ..... (date).

I also acknowledge to be aware of the fact that all the goods, for which I solicit duty free import within a period of twelve months starting from the date I have established my residence in Belgium, have to be imported and declared here and also to be aware of the legal restriction to lend, rent or mortgage these goods, free of charge or not, for a period of twelve months starting from the date of duty free import granted by Customs without having informed the competent authorities in advance.

It is known to me that if I would lend, rent or mortgage part of the goods or all, I would become liable to pay import duties thereon.

I commit myself to respect these regulations and to do whatever is possible to enable the competent Customs authorities to carry out the necessary checkings in this matter.

I confirm the authenticity of the inventory list which contains ..... items. I have taken cognisance of the fact that duty free import cannot be granted for personal goods which are not shown on this inventory list.
